* Current indicative rate is retained from the supplied table and should not be treated as a confirmed rate for 24–27 January 2027. Contact details were checked against current hotel websites, municipal listings, or current hotel directories where available. Where a public email/website could not be verified, this is stated rather than inferred.

For the accommodation request, both single occupancy (1 person/room) and twin sharing (2 persons/room, preferably separate beds) should be requested directly from each hotel. Room availability and 2027 rates should be reconfirmed with the hotel.
